## MathsPlus

MathsPlus is for all students from Years 7 to 12 who want to improve any aspect of their mathematical studies.

An experienced Mathematics staff member will be present to help with explanations and to answer students' questions. These sessions are not private Mathematics tutoring sessions, but rather students should bring along any Mathematics material that they want to work on, whether that be revision, homework, a missed topic or enrichment. In 2019 we added Friday afternoons, which was a success. Too busy earlier in the week with cadets, sport or music? Perhaps Friday is the slot for you to hit the weekend running.

**WHEN:** Monday to Friday 3:30 - 5:00 pm (students attend for as long as they wish)

**WHERE:** H1
